

AHCM Screener

Viewing AHCM Screeners in CRN

PLEASE NOTE: AHCM Screens will be viewable to users based on the following criteria.

Patient has given CRN Consent:

- CRN user is on the patient's Care Team: All patient screeners
- CRN user is not on the Care Team: Screeners administered by user's entity.
- CRN user once on the patient's Care Team during a time of consent: All patient screeners visible during user time on the Care Team.

Patient has NOT given CRN Consent

- CRN user never on patient's Care Team: Historical screeners administered through user's agency only
- CRN user once on the patient's Care Team during a time of consent: All patient screeners visible during user time on the Care Team

Examples:

1. If a user is on the care team of the patient, the user will see all screeners for the patient.
2. If the user is not on the care team of the patient, they will only see screeners that have been given by their entity.
3. Entities will be able to view historical screeners administered by their entity, unless patient has given consent and the user is on the care team.
 - a. Historical Screeners will only have the Summary View. Questions and answers will not be available.

Note: If you are unsure how to access the patient profile, please see the **Searching for a Client** CRN Tip Sheet

1. To view AHCM Screeners for a patient, first go to the patient profile and click on the **Case Activity** drop down menu and select **Screeners and Assessments**

The screenshot shows the patient profile for Johnny Qstest (72 Years MALE, DOB: 10/08/1948, CRN ID: 03703746). The 'Case Activity' dropdown menu is open, showing options: 'Just My Case Work', 'Shared Team Case Work (No Consent)', 'Case Summary', 'Task Status & Case Notes', 'Referrals', 'Screeners & Assessments' (highlighted with a red circle), 'Eligibilities', 'Care Plans', and 'Messaging & Alerts'. The 'Services Timeline' shows a 'Referral: BetaTest Food' in July 2021. The 'Client Launchpad' is visible on the right.

2. You will see a list of all available screeners and assessments that you may view on the left side.

The screenshot shows the 'Screeners & Assessments' page for Johnny Qstest. The page title is 'Johnny Qstest's Screeners & Assessments'. There are buttons for '+ Begin New Assessment' and '+ Log / Upload Assessment'. A list of 'Most Recent | A-Z' screeners is displayed on the left, with the first three items circled in red:

- Client Facing (QHN, 08/03/2021)
- AHCM (CRN Admin, 08/10/2020)
- AHCM (Bridget Health and Human Services, 09/10/2020)

3. To view summary of a screener, click on the screener you wish to view, and the needs will display to the right.
