CRN Training *Series*

Mark your calendars to join us as we take a deep dive into all the great functionality that is available in CRN. QHN staff will be providing the following trainings sessions via Zoom throughout 2023. Click on the link in the description to register for each event. Contact us with questions!

Informed CRN Consent

02/07/2024

This training will discuss CRN informed consent and why it matters. We will also discuss our robust data access controls and how consent is obtained via various workflows in the platform.

CRN Care Teams: What they are and why they matter

03/06/2024

How can we connect to wrap services around our clients and share information to make them successful? Keeping people's information safe and secure is our number one priority. We will look at what it means to share info and be a part of a "care team" in CRN.
